## Qualitative Research-An Expedition

College of Nursing, Ananthapuri Hospitals & Research Institute invites you to participate in state level workshop on "Qualitative Research - An Expedition" which will be held on 28/01/2020.

The aim of this one day workshop is to introduce the basic concepts of qualitative research including qualitative data analysis. The participants are also provided with a complete, detailed description on the underpinning of qualitative research and its implication in nursing profession, to promote nurses to be a part of developing knowledge base in Nursing profession.

## Objectives

On completion of the workshop the participants are able to

- explain theoretical paradigms of qualitative research
- describe the different techniques used to generate qualitative data
- list down the sampling techniques adopted in qualitative research
- comprehend qualitative data analysis
- discuss the methods of reporting qualitative research
- demonstrate hands on training in the applications of ATLASTI and NVIVO in qualitative research data processing
